MORCON<sup>®</sup>

## ***Positioned for Partnerships***

In 2013, after 30+ years of experience in the paper industry, I fulfilled a lifelong dream of owning my own business, and purchased Morcon. We have built a very knowledgeable and experienced team that has embarked on a wonderful journey – one that will lead our business with great energy and focus. You can be confident that “The Customer Experience” is at the forefront of all we do.

Through the years, Morcon has become one of the most trusted names in the Away From Home Tissue Industry. We take pride in providing our customers with high quality napkin, towel, tissue, and specialty paper products. Morcon is flexible, adaptable and nimble. While working collaboratively with our customers we are able to develop unique and tailored product and service solutions with the best overall value.

Our team of more than 140 employees provide fast, reliable service to our very selective distribution partners on a national scale. With an extensive product line and paper tissue converting locations in Upstate NY, South Carolina, and Tulsa, OK, we are able to provide best-in-class service for our clients nationwide.

At Morcon, we realize that you have many choices of where to buy your paper products. However, we strongly believe if given the opportunity to be your supplier, you will never look back!

Respectfully,

Joe Raccuia - President/CEO

# Your Away-From-Home Alternative to the Majors

At Morcon Tissue, we take pride in offering our customers high quality napkin, towel, tissue, and specialty paper products. For more than three decades, Morcon has been the trusted choice for those in a variety of Away-From-Home industries, including food service, healthcare, industrial market segments, and others.

Our team of more than 140 employees provide fast, reliable service to customers on a national scale. With an extensive product line and paper tissue converting locations in New York, South Carolina, and Oklahoma, we are able to provide best-in-class service for our clients!

# Markets we Serve

From upscale restaurants and commercial office buildings, to assisted living facilities, universities, and porta-potties – Morcon’s product offering has you covered. Through our extensive network of distributors across the United States, Morcon Tissue provides quality commercial paper products to a wide variety of industries at competitive prices. If you are looking for more than just a paper supplier, we encourage you to learn more about how a partnership with Morcon can help add value in the below AFH segments:

## Food Service

Morcon Tissues’ restaurant paper products have long been trusted by restaurateurs and food service business owners across the country to control costs without sacrificing product quality. Whether you own a full-service restaurant, catering company, coffee shop, deli, or ice cream stand, Morcon has a broad selection of paper napkin, towel, tissue and dispenser solutions for your business.

## Porta-Potty

When you are expecting high volume traffic to your porta-potties, you know that every roll counts. This is why Morcon Tissue offers large-capacity toilet paper rolls designed specifically for porta-potties. These tissues are ideal for outdoor events where porta-potties are used including construction sites, outdoor festivals, concerts, backyard barbecues, and more.

## Industrial

Your business can suffer by not having the correct paper products and dispenser systems throughout your facility. Spreading germs by using hot air dryers or unsanitary working conditions due to lack of appropriate industrial paper options can lead to production line issues, product damage or recalls, and ultimately, harm your brand’s reputation.

## Commercial

Today’s office complexes, hotels, colleges and universities all require tissue, towel, napkin and dispenser systems that match their visitors quality expectations. Managing multiple vendors for your paper needs is a waste of time and money. Morcon Tissue offers commercial toilet paper, napkin, towel, and dispenser options so you can consolidate purchases under one paper supplier.

## Healthcare

Hygienic, safe, quality products are always of paramount importance in the workplace, but even more so when it comes to healthcare facilities. Good hygiene, however, is not just about washing your hands. Proper drying techniques also play a big role in the spread of bacteria. Studies have shown that hand dryers increase bacteria found on the hands while using paper towels drastically reduces these numbers.

# Napkins

Morcon Tissue is a leading supplier of commercial napkins for the food service industry. Available in both white and kraft and with options made from 100% recycled material, our napkins are perfect for any food service environment.

Whether you need dispenser napkins, interfolded napkins, lunch napkins, beverage napkins, senior serve napkins, junior serve napkins, or dinner napkin products, Morcon has a quality item to meet your needs.

# Interfolded Napkins

\* use with our NT111 to reduce waste and consumption by at least 25%

## 4500VN
