

WAREWASH OFFERING

1.5 GALLON MICROTECH CONCENTRATE BOTTLE ~~—~~ **EQUALS**

5 GALLON INDUSTRY STANDARD PAIL

FEATURES & BENEFITS OF 1.5 GALLON

Easy to Handle Packaging

MicroTECH™ was designed to eliminate the inconvenience associated with replacing 5 gallon pails. The lighter 1.5 gallon bottle can easily be changed by most employees.

Reclaim Additional Storage Space

MicroTECH™ products require less storage space than many other systems. Equipment and products are completely off the floor, making the surrounding areas fully accessible. Reclaim 60-80% of your storage space by replacing your 5 gallon pails.

Reduce Waste & Freight

One 1.5 gallon bottle replaces one 5 gallon pail, reducing plastic waste by 80%. Micro technology significantly reduces freight costs, allowing us to pass those savings on to our customers.

Totally Enclosed Dispensing (TED)

Our TED system eliminates the chance of spills and splashes associated with other systems during product changeover. Chemicals can only be dispensed when the patented dispensing cap is engaged.

SKU Reduction

With the benefit of just one 1.5 gallon bottle you will be able to reduce the number of SKUs that will need to be ordered and on site. MicroTECH™ products require less storage space than many other systems, freeing up space around your facility.

Complete Program

MicroTECH™ offers a complete warewash program that will suit all of your needs. MicroTECH™ products are designed to provide customers with a consistent, quality, safe and environmentally friendly warewash program.

Wall Charts

Instructional wall charts will be provided for displaying near all product dispensing and use locations. This includes the dishmachine, manual warewash sink, pre-soak station, and housekeeping areas.

BEST RESULTS AT THE LOWEST COST

U S Chemical's MicroTECH™ Chemical Program is designed to provide customers with a consistent, quality, safe and environmentally friendly warewash program for all of their locations. Our quality line of microTECH™ products are designed to provide you with superior results, employee safety, and environmentally responsible packaging. Included in the program are employee training, instructional wall charts and service. Training, service and product delivery will be provided by U S Chemical trained, regionally located distributors.

Industry Standard Pack Size

Mechanical Warewash Detergent

SKU 101105446 (1/1.5 gal.)

2073 racks per 1.5 gal case (based on 600 ppm concentration and 1.2 gal rinse water per cycle)

Mechanical Warewash Detergent is a super-concentrated, non-chlorinated, machine warewashing detergent. It is designed to provide sparkling clean dishware in all water conditions and can be used in both high and low temperature dishwashing applications. maximum performance.

Mechanical Warewash Rinse

SKU 101105449 (1/1.5 gal.)

7200 racks per 1.5 gal case (based on .8 ml per rack)

Mechanical Warewash Rinse is a super-concentrated machine warewashing rinse. It is designed to provide spot-free dishware in all water conditions and can be used in both high and low temperature dishwashing applications.

Phenom X Manual Pot & Pan Detergent

SKU 5374546 (1/1.5 gal.)

1 ounces to 15 gallons

Phenom X is a super-concentrated, superior performing product. This manual detergent will quickly cut through the heaviest amounts of grease and fat while providing long lasting suds, making cleaning quick and effortless for food service personnel.

Manual Utensil Presoak

SKU 5374511 (1/1.5 gal.)

1 ounces to 5 gallons

Manual Utensil Presoak is a super-concentrated product designed for presoaking silver and stainless steel utensils. Its excellent soil-penetrating and softening abilities quickly loosen dried-on or hardened foods.

Floorbac™

SKU 101100327 (1/1.5 gal.)

1 ounces to 3 gallons

Floorbac™ is a super-concentrated specialty floor cleaner that uses surfactant cleaning technology combined with enzyme producing bacteria. While the top surface of the floor is cleaned, grease-eating bacteria are left behind to digest build up in porous tile and grout.
