

Single Use Tableware Solutions For Business & Industry Catering

Yoshi branded products offer a premium look at a budget friendly price. Designed to fit into a number of practical applications they make clean up a breeze and can reduce breakage associated with permanentware. Whether the environment is an executive suite, corporate cafeteria, or boardroom luncheon, Yoshi delivers value and quality. When seeking an inspiration to improve your business dining experience, choose the best in high end disposables.

Bowls

- Versatile, can be used for multiple applications
- Convenient and durable
- Stylish design that delivers an upscale image that works with today's trends
- Multiple sizes offered with optional lids available for to-go concept

Cater Trays

- Conserve™ cater trays are made from environmentally friendly polypropylene
- Will not crack if dropped or hit
- Capable of working with hot or cold foods
- Easily recycled or can be washed and reused
- Pair trays with optional PET lids for easy portability

Mini Delights

- Petite sizes are perfect for today's health conscious lifestyles
- Excellent for appetizers, sides, condiments or desserts
- Operators can control condiment costs by buying in bulk and packaging their own portion controls

EMI Yoshi products are made in accordance with Good Manufacturing Practices (GMP's), Standard Operating Procedures (SOP's), and under the auditing guidelines of the American Institute of Bakery (AIB).

Square brand plates offers the look of fine china in a single use solution. Pair them with our Glimmerware cutlery and Square tumblers for that restaurant quality look.

Cutlery

- High quality finish that mirrors the look of stainless steel
- Modern looking design fits in anywhere
- Strong and durable, excellent cutting edge on knife blade
- Pre-rolled cutlery kits allow for in house use or grab-n-go options

Tumblers

- Easy to hold styling combined with clarity and durability
- Designed to complement other products in the Square brand offering
- Tumblers stack easily for space savings

Utensils

- Individually wrapped for sanitary purposes and food safety
- Made from polypropylene so they can be recycled or washed and reused
- Disposable serving utensils allows for quick cleanup, eliminating the need to wash, saving time and labor costs

Disposable products offer the unique convenience of changing the look and feel as often as needed.

When planning the next business seminar, holiday party, awards gala or company picnic, look to **Yoshi** to provide innovative catering solutions for any environment.
