

GREENSTRIPE® CLEAR CONTAINERS

Renewable and compostable PLA is just as clear as your mom's plastic, so you've got a great option for your grab 'n' go needs. These clear containers are perfect for your deli case or refrigerator where displaying food is important for hurried customers.

BPI Certified Compostable

Biodegradable Products Institute (BPI) is a third-party organization that provides certification for materials and products that break down in a commercial composting environment. "BPI Certified" means a product has gone through a rigorous testing process for compostability.
