Approvals & Certifications

Safer Choice

EPA/Safer Choice recognition does not constitute endorsement of these products. The Safer Choice logo signifies that the products' formulas, as U S Chemical has represented it to the EPA, contain ingredients with more positive human health and environmental characteristics than conventional products of the same type. EPA/Safer Choice relies solely on U S Chemical, its integrity and good faith, for information on the products' composition, ingredients and attributes. EPA/Safer Choice has not independently identified, that is, via chemical analysis, the ingredients in the products' formula, nor evaluated any of U S Chemical's non-ingredient claims. EPA/Safer Choice provides its evaluation only as to the products' human health and environmental characteristics, as specified in the Standard and based on currently available information and scientific understanding.

For more information visit:
www.epa.gov/saferchoice

Green Seal

Green Seal works with manufacturers at all levels to "green" the production and purchasing chain. They utilize a life-cycle approach by evaluating a product or service beginning with material extraction, continuing with manufacturing and ending with recycling and disposal.

Products only become Green Seal certified after rigorous testing and evaluation, including on-site plant visits. Green Seal certified means that the product has been tested according to science-based procedures, that it works as well or better than others in its class and that it has been evaluated without bias or conflict of interest. The Green "Seal of Approval" has come to stand for reliability, fairness and integrity.

For more information visit:
www.green Seal.org

High Efficiency (HE)

HE detergents are formulated to be low-sudsing and quick-dispersing to get the best cleaning performance with HE washers.

Ozone Friendly

The Ozone-Friendly symbol on a product means that it can be used in a laundry machine with an ozone system.

Kosher (cRc, OU)

Kosher certification of any food chemical or product requires a partnership with a respected rabbi through the Chicago Rabbinical Council or the Union of Orthodox Jewish Congregations of America. The rabbi acts as the guide for the manner in which kosher products are made, and is the only one who can issue an official kosher certificate.

For more information visit:
www.crcweb.org
www.oukosher.org

NSF International

NSF certification involves regular on-site inspections of manufacturing facilities and regular re-testing of products to continue to meet the same high standards required. If for any reason a product fails to meet one or more certification criteria, NSF will take enforcement actions to protect you, including product recall, public notification or de-certification.

Products that earn NSF certification are said to be "NSF certified" or "NSF listed" and display the applicable NSF certification mark to show that they have been tested by one of today's most respected independent product testing organizations.

For more information visit:
www.nsf.org

Readily Biodegradable Surfactants (RBS)

The Readily Biodegradable Surfactants symbol reflects that the product incorporates biodegradable surfactants, replacing alkylphenol ethoxylates (APEO's).

APEO's are non-ionic surfactants with an emulsifying and dispersing action, which makes them suitable for a very large variety of applications.

Surfactants are used in a variety of applications including fabric cleaners, hard surface cleaners, and other detergent formulations. Many surfactants give rise to environmental concerns due to their poor biodegradability, their toxicity and their potential to act as endocrine disrupters.

Amber Suds

Amber Suds is an economical manual pot and pan detergent designed for institutional use. It is fortified with the high suds, grease cutting components that make up the most expensive of products, yet costs much less. This product is mild to the hands and has a pleasant lemon scent.

Approvals: cRc, RBS

Pack Sizes

057513	4/1 gallon case
--------	-----------------

basics

Pink Pot & Pan Detergent

Pink Pot & Pan Detergent is a liquid manual detergent for use in food service areas. It eliminates unwanted food soils such as grease, oil and fat that are commonly found on soiled kitchenware. It provides a lemon fresh scent, long-lasting suds and spotless kitchenware.

Approvals: None

Pack Sizes

101100659	4/1 gallon case
-----------	-----------------

Aqua-Foam™

Aqua-Foam™ is a highly concentrated, superior performing product. At 1 ounce to 15 gallons of water, Aqua-Foam™ will quickly cut through the heaviest amounts of grease and fat while providing long lasting suds. The advantage to using this product is that it will provide food service personnel a quick, yet extremely efficient way to wash heavily soiled dishware. The real value associated with using Aqua-Foam™ is the long term labor savings and cost reductions realized with every wash.

Approvals: cRc, RBS

Pack Sizes

057581	4/1 gallon case
057583	5 gallon pail

Clean Green

Clean Green is a special detergent designed for the manual washing of pots, pans, dishes, utensils and kitchen equipment. It features rich, long lasting suds, excellent grease cutting ability and outstanding results. It is mild to hands and pleasantly scented for regular kitchen use.

Approvals: cRc

Pack Sizes

057417	4/1 gallon case
4431887	5 gallon pail

Aqua Blue

Aqua Blue is a highly concentrated, superior performing product. At 1-2 ounces to 10 gallons of water, this product will quickly cut through the heaviest amounts of grease and fat while providing long lasting suds. The real value associated with using this product is the long term labor savings and cost reductions realized with every wash.

Approvals: cRc

101103202	5 gallon pail

Emerald Clean

Emerald Clean is a special detergent designed for the manual washing of pots, pans, dishes, utensils and kitchen equipment. It features rich, long lasting suds, excellent grease cutting ability and outstanding results. It is mild to the hands and pleasantly scented for regular kitchen use.

Approvals: cRc

Pack Sizes

057519	4/1 gallon case
057521	5 gallon pail

Fiesta

Fiesta is for use in food service areas. At 1 ounce to 1 gallon of water, it will eliminate those unwanted food soils, such as grease, oil and fat that are commonly found on soiled kitchenware. This mild product does not harshly affect hands, as other products of this type may. This product provides a clean, fresh scent, long lasting suds and spotless kitchenware.

Approvals: cRc, RBS

Pack Sizes

057478 4/1 gallon case

MiniMax Manual Pot & Pan Detergent

Manual Pot & Pan Detergent is a top quality, lemon scented liquid detergent designed for all food service and manual cleaning. It is the finest liquid detergent available for dishes, glasses, silverware, pots, pans and utensils. This product is kind to hands and works well in hard or soft water. It is a fine grease cutter, gives long lasting suds, excellent soil suspension and rapid free rinsing for fast, brilliant drying.

Approvals: cRc, RBS

Pack Sizes

4954821 2/3100 mL case

Mighty

Mighty is a mild, high foaming liquid manual cleaner for general cleaning needs. It will not harm any surface in water, so it can be used for utensils and equipment cleaned in sinks, or for brushwashing tanks and valves. Effective in all water conditions and free rinsing.

Approvals: cRc

Pack Sizes

057333 4/1 gallon case

Special Pink

Special Pink is a liquid pot and pan detergent for use in food service areas. It will eliminate unwanted food soils, such as grease, oil and fat, that are commonly found on soiled kitchenware. This mild product does not harshly affect hands. It provides a clean, fresh scent, long lasting suds and spotless kitchenware, wherever used.

Approvals: cRc, RBS

MixMATE™ Shurguard Plus H

MixMATE™ Shurguard Plus is designed for use in hospitals, nursing homes, hotels, food service establishments, restaurants and bars where disinfection, sanitization and deodorization is of prime importance. When used as directed, this product is formulated to disinfect hard, non-porous, inanimate environmental surfaces: floors, walls, glazed porcelain, glazed ceramic tile, plastic surfaces, bathrooms, cabinets, tables and chairs.

Approvals: cRc
Certifications: EPA

Pack Sizes

4379290	2/3100 mL case
063062	2/1 gallon case

Quat-Clean Plus

Quat-Clean Plus is a phosphate-free formulation designed to provide effective cleaning, deodorization, sanitization, and disinfection specifically for hospitals, nursing homes, schools and food service establishments where housekeeping is of prime importance in controlling the hazard of cross-contamination. This product, when used as directed, is formulated to disinfect inanimate, hard, non-porous surfaces: floors, sinks, countertops, tables, chairs and telephones. This product deodorizes those areas which generally are hard to keep fresh smelling, such as garbage storage areas, empty garbage bins and cans, toilet bowls and other areas which are prone to odors caused by microorganisms.

Approvals: cRc
Certifications: EPA

Pack Sizes

4500184	4/1 gallon case
---------	-----------------

Ready-to-Use No-Rinse Sanitizer

Ready-To-Use No-Rinse Sanitizer's formulation offers one-step convenience. It is safe on all washable surfaces, sanitizes surfaces quickly and is convenient to use, with no dilution errors or dilution system training required. Ready-To-Use No-Rinse Sanitizer kills 99.999% of Staphylococcus aureus and Klebsiella pneumoniae in 60 seconds and won't harm or stain glass, fiberglass, plastic, porcelain, ceramic tile or finished wood surfaces. It is recommended for sanitizing hard, non-porous surfaces. Safe to use on glass, metal, plastic, porcelain and any other surfaces that are water safe.

Approvals: cRc
Certifications: EPA

Pack Sizes

077418	6/1 quart case
--------	----------------

Saniphor No. 240

Saniphor No. 240 is an acid based, iodine sanitizer that controls mineral film. It is concentrated, so it is economical to use, yet mild to hands. Saniphor No. 240's no-rinse formulation saves time and labor. It is recommended for third tank sink and cold water glasswasher use.

Approvals: cRc, NSF D2
Certifications: EPA

Pack Sizes

057241	4/1 gallon case
--------	-----------------

Sanitizer E.S.™

Sanitizer E.S.™ has a no-rinse formula that saves time and labor and is an approved chlorine germicide for effective sanitation. It is recommended for low temperature dishmachines, third tank sink or anywhere an effective sanitizer is needed.

Approvals: cRc, NSF D2
Certifications: EPA

Pack Sizes

057443	4/1 gallon case
057445	5 gallon pail

Shurguard Plus

Shurguard Plus is designed for use in hospitals, nursing homes, hotels, food service establishments, restaurants and bars where disinfection, sanitization and deodorization is of prime importance. When used as directed, this product is formulated to disinfect hard, non-porous, inanimate environmental surfaces: floors, walls, glazed porcelain, glazed ceramic tile, plastic surfaces, bathrooms, cabinets, tables and chairs.

Approvals: cRc, NSF D2
Certifications: EPA

Pack Sizes

057602	4/1 gallon case

073157	55 gallon drum

Ultra Active® Sanitizer 3

Ultra Active® Sanitizer 3 is a quat based, no rinse formulation sanitizer that is mild to the hands. This concentrated product can be used in a third tank sink or anywhere an effective quaternary sanitizer is need. Sanitizer 3, has long lasting effectiveness and is approved for food contact surfaces.

Approvals: cRc
Certifications: EPA

Pack Sizes

064872 2/1500 mL case

Sani-Tabs

Sani-Tabs are easy to use, simply use 1 tablet per gallon of water to accurately and easily prepare your sanitizing solutions at the proper concentrations. The tablets dissolve in water producing a distinct, clear, pale blue sanitizing solution that is long lasting and usually remains effective all day. Solutions are non-irritating to the hands, non-corrosive to metals, non-staining and odorless. The convenient tablets eliminate the handling and storage of bulky sanitizers; end guesswork in measuring and prevent loss from breakage, spillage or waste.

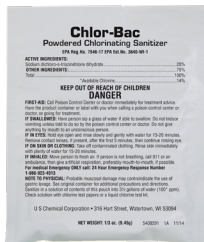

Approvals: NSF D2
Certifications: EPA

Pack Sizes

057594 6/150 tablet case

Chlor-Bac

Chlor-Bac is primarily designed for last tank bar glass sanitation, but is also effective on pots, pans, utensils and equipment. Chlor-Bac has a very low odor level which will leave glasses without a characteristic chlorine odor after sanitizing. It is an excellent rinser and leaves glassware sparkling.

Approvals: None
Certifications: EPA

Pack Sizes

057252 72/0.33 ounce packets per case

Liquid Soak-It

Liquid Soak-It is specially designed for pre-soaking of silver and stainless steel utensils and detarnishing. It has been specially formulated to remove tough soils from flatware and restoring tarnished silver. Liquid Soak-It's blend of builders and surfactants penetrates soil quickly without attacking metal. When this product is in use, silverware comes out clean after each single trip through the dishmachine.

Approvals: cRc

Pack Sizes

057338	4/1 gallon case
077696	5 gallon pail

MiniMAX Manual Utensil Presoak

Manual Utensil Presoak is a highly concentrated product designed for presoaking silver and stainless steel utensils. Its excellent soil-penetrating and softening abilities quickly loosen dried-on or hardened foods.

Approvals: cRc, RBS

Pack Sizes

4954864	2/3100 mL case
---------	----------------

Ultra Active® Presoak 2

Ultra Active® Presoak is a highly concentrated presoak for silver and stainless flatware. Presoak is a specially formulated compound with unique formula to remove tough soils from flatware. It penetrates soils quickly and improves silverware appearance at a low use cost.

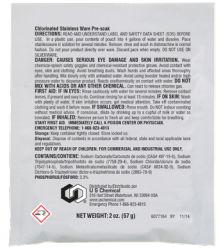

Approvals: cRc, RBS

Pack Sizes

064871	2/1500 mL case
--------	----------------

Chlorinated Stainless Ware Pre-Soak

Chlorinated Stainless Ware Pre-Soak is chlorinated to provide rapid breakdown of protein soils. Its blend of alkaline builders and corrosion inhibitors penetrate and loosen stubborn food soils. It is recommended for presoaking stainless flatware.

Approvals: None

Pack Sizes

057655	72/2 ounce packets per case
--------	-----------------------------

Dish-Dip

Dish-Dip is a specially designed destainer for plastic, china, stainless steel and all kitchen ware. It contains oxygen destaining agents for effective stain removal and is safe on all ware.

Approvals: None

057560 4/1 gallon case

057562 5 gallon pail

Offense

Offense is a non-chlorinated, liquid, warewash detergent that has special water conditioners and grease emulsifiers to tackle tough jobs, even when washing in low temperatures. Strong, yet safe and economical, this product produces sparkling, clean dishes.

Approvals: cRc

Pack Sizes

5764579 4/1 gallon case

5626483 5 gallon pail

All-Temp Dishwash

All-Temp Dishwash is a chlorinated liquid mechanical dishwash detergent specially formulated to provide strong constant soil attacks. It is fortified with grease emulsifiers and stain removing agents that produce sparkling, clean dishes.

Approvals: cRc

Pack Sizes

057350	4/1 gallon case
057352	5 gallon pail

Hydro-Klor

Hydro-Klor is a liquid, chlorinated, mechanical dishwash detergent with a high concentration of cleaning components. Its balanced, chlorine fortified formulation in ready-to-wash liquid form gives each dish a balanced chemical attack on soil. Because it's chlorinated, this product provides control of food stains and protein soils, good rinsability and eliminates odor problems. Its versatile formula works well in high or low temperature warewashing applications.

Approvals: cRc

Pack Sizes

057247	4/1 gallon case
057248	5 gallon pail

Stalwart

Stalwart is a mechanical dishwashing detergent designed for efficient cleaning of all types of dishware, utensils, pots and pans. This product provides positive cleaning action without the use of harsh caustic. It is a chlorinated detergent for exceptional stain control, protein soil removal and rinsability. Stalwart is fortified to work well in hard or soft water and keeps dishmachines clean and film free.

Approvals: cRc (50 pound box only)

--------	----------------

IND/COM® Break

IND/COM® Break is a well balanced, highly alkaline powder formulated for use in industrial laundries as a “break” compound and detergent builder. It has great saponification qualities making it excellent for cleaning greasy cloths and wiping towels. This product disperses scum and prevents lime deposits on wash wheels.

Approvals: cRc, NSF B1

Pack Sizes

064094	50 pound box
--------	--------------

IND/COM® Suds

IND/COM® Suds is a highly active blend of wetting agents, alkaline builders and soil suspension agents enable this product to provide superior results on even the most heavily soiled items.

Approvals: cRc

Pack Sizes

064097	50 pound box
--------	--------------

IND/COM® Enzyme Detergent

IND/COM® Enzyme Detergent is a highly concentrated institutional enzyme detergent. It readily removes “bleach-proof” stains from hand or machine washable fabrics. It is completely color-safe but is not for use on silk or woolen fabric. The enzymatic-action of this product quickly attacks and removes such stains as blood, chocolate, coffee, fruit juice and other protein food soils. It is compatible with all sewage systems.

Approvals: None

Pack Sizes

064096	50 pound box
--------	--------------

Orange Blossom

Orange Blossom is an all temperature laundry detergent that works well in all water conditions. It keeps dirt suspended in wash water, and requires no addition of bleach or softener for normal wash conditions. It is gentle on all fabrics and leaves no irritating residue. It contains built-in whiteners and brighteners for whiter whites and brighter colors.

Approvals: cRc
