Air-Flow™

Vented pallet wrap targets produce, dairy, beverage and frozen food industries. Air-Flow reduces spoilage, that conventional stretch film can cause, by eliminating condensation build up on the inside of the pallet wrap.

Laundry Wrap All Purpose PVC Overwrap For Use in Commercial Laundries

Laundry wrap film keeps linens, laundry fresh — clean and crisp or fluffy soft — just the way they arrived at your store room, ready to be put into service when you need them. Clear, tough laundry wrap stretches, clings, and heat seals easily. It's ideal for hand wrapping clean linens in hospitals, hotels, dry cleaners, institutions, or commercial laundries.

Evolution Pallet Wrapping

No charge with 5 pallets of film

Evolution Pallet Wrap Equipment

This price competitive workhorse will give you years of trouble free operation. It will solve the problems associated with poorly hand wrapped pallets.

The Evolution represents an advanced design with completely reliable technology in a sleek frame, giving users a rugged machine of unmatched quality.

The Evolution will convert the high volume hand wrap user over to wrapping pallets by machine.

EvolutionPRO Low Profile Stretch Wrapper with 250% Pre-Stretch

The Evolution Pro is an easy to use pallet wrap machine which stabilizes your load for stretch wrapping. The wrapper is efficient and cost effective due to two rolls stretching the film to but no less than 250% of the normal length. The machine is standard with a 59 inch turntable.

All motors on the machine are frequency controlled for smooth control. A photocell detects automatically the load height. The operation is simple and intuitive.

Oblong Containers and Lids

Foil containers make it easy to store and transport foods. Interrupted curl edges make it easy to secure the lids to keep heat or freshness in. Clear dome lids make it easy to see the contents of the container while also not touching the food. Cook food without changing the container. Easy to clean for re-use.
