# Safety Data Sheet

## Spartan Chemical Company, Inc.

Revision Date: 02-Nov-2019

### 1. PRODUCT AND COMPANY IDENTIFICATION

**Product Identifier**

**Product Name:**

**Product Number:**

**Recommended Use:**

**Uses Advised Against:**

**Manufacturer/Supplier:**

**CLEAN ON THE GO TRIBASE MULTI PURPOSE CLEANER [17]**

4830

Cleaning agent

For Industrial and Institutional Use Only

Spartan Chemical Company, Inc.

1110 Spartan Drive

Maumee, Ohio 43537 USA

800-537-8990 (Business hours)

[www.spartanchemical.com](http://www.spartanchemical.com)

**24 Hour Emergency Phone Numbers:**

**Medical Emergency/Information:**

**Transportation/Spill/Leak:**

888-314-6171

CHEMTREC 800-424-9300

### 2. HAZARDS IDENTIFICATION

**GHS Classification**

Serious Eye Damage/Eye Irritation: Category 2A

**GHS Label Elements**

**Signal Word:**

**Symbols:**

**Warning**

**Hazard Statements:**

**Precautionary Statements:**

**Prevention:**

**Response:**

**-Eyes**

**-Specific Treatment:**

**Storage:**

**Disposal:**

**Hazards Not Otherwise Classified:**

**Other Information:**

Causes serious eye irritation

Wear eye / face protection

Wash hands and any exposed skin thoroughly after handling.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical attention. See Safety Data Sheet Section 4: "FIRST AID MEASURES" for additional information.

Not Applicable

Not Applicable

Not Applicable

- May cause skin irritation.
- May be harmful if swallowed.
- Inhalation of vapors or mist may cause respiratory irritation.
- Keep out of reach of children.

### 3. COMPOSITION / INFORMATION ON INGREDIENTS

| Chemical Name                       | CAS No      | Weight-% |
|-------------------------------------|-------------|----------|
| Water                               | 7732-18-5   | 60-100   |
| Caprylyl/Capryl Glucoside           | 68515-73-1  | 1-5      |
| C7-21 Alcohols Ethoxylated          | 68991-48-0  | 1-5      |
| PEG-15 Cocomonium Chloride          | 61791-10-4  | 1-5      |
| Lauryl Glucoside                    | 110615-47-9 | 1-5      |
| Trisodium Dicarboxymethyl Alaninate | 164462-16-2 | 0.1-1    |
| C9-11 Pareth-6                      | 68439-46-3  | 0.1-1    |
| Citric Acid                         | 77-92-9     | 0.1-1    |
| Fragrance                           | PROPRIETARY | <0.1     |
| 2,6-Dimethyl-7-Octen-2-ol           | 18479-58-8  | <0.1     |
| Benzisothiazolinone                 | 2634-33-5   | <0.1     |
| Methylisothiazolinone               | 2682-20-4   | <0.1     |
| Yellow 5                            | 1934-21-0   | <0.1     |
| Methylchloroisothiazolinone         | 26172-55-4  | <0.1     |
| CI 16035                            | 25956-17-6  | <0.1     |

Specific chemical identity and/or exact percentage of composition has been withheld as a trade secret.

### 4. FIRST AID MEASURES

- Eye Contact:** Rinse cautiously with water for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. IMMEDIATELY CALL A POISON CENTER OR PHYSICIAN.
- Skin Contact:** Wash with soap and water. If skin irritation occurs: Get medical attention.
- Inhalation:** Remove victim to fresh air and keep at rest in a position comfortable for breathing. Call a poison control center or physician if you feel unwell.
- Ingestion:** Rinse mouth. Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Get medical attention if you feel unwell.
- Note to Physicians:** Treat symptomatically.

### 5. FIRE-FIGHTING MEASURES

- Suitable Extinguishing Media:** Product does not support combustion, Use extinguishing agent suitable for type of surrounding fire
- Specific Hazards Arising from the Chemical:** Dried product is capable of burning. Combustion products are toxic.
- Hazardous Combustion Products:** May include Carbon monoxide Carbon dioxide and other toxic gases or vapors.
- Protective Equipment and Precautions for Firefighters:** Wear MSHA/NIOSH approved self-contained breathing apparatus (SCBA) and full protective gear. Cool fire-exposed containers with water spray.

### 6. ACCIDENTAL RELEASE MEASURES

- Personal Precautions:** Avoid contact with skin, eyes or clothing. Use personal protective equipment as required.
- Environmental Precautions:** Do not rinse spill onto the ground, into storm sewers or bodies of water.
- Methods for Clean-Up:** Prevent further leakage or spillage if safe to do so. Contain and collect spillage with non-combustible absorbent material, (e.g. sand, earth, diatomaceous earth, vermiculite) and place in container for disposal according to local / national regulations (see Section 13).

### 7. HANDLING AND STORAGE

- Advice on Safe Handling:** Handle in accordance with good industrial hygiene and safety practice. Wash thoroughly after handling.

|                              |                                                                                                                                 |
|------------------------------|---------------------------------------------------------------------------------------------------------------------------------|
| <b>Storage Conditions:</b>   | Keep containers tightly closed in a dry, cool and well-ventilated place. Keep out of the reach of children. Keep from freezing. |
| <b>Suggested Shelf Life:</b> | Minimum of 2 years from date of manufacture.                                                                                    |

## 8. EXPOSURE CONTROLS / PERSONAL PROTECTION

|                                        |                                                                                                                                                                                                                                                           |
|----------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Occupational Exposure Limits:</b>   | None established.                                                                                                                                                                                                                                         |
| <b>Engineering Controls:</b>           | Provide good general ventilation.<br>If work practices generate dust, fumes, gas, vapors or mists which expose workers to chemicals above the occupational exposure limits, local exhaust ventilation or other engineering controls should be considered. |
| <b>Personal Protective Equipment</b>   |                                                                                                                                                                                                                                                           |
| <b>Eye/Face Protection:</b>            | Wear splash goggles.                                                                                                                                                                                                                                      |
| <b>Skin and Body Protection:</b>       | Not required with expected use.                                                                                                                                                                                                                           |
| <b>Respiratory Protection:</b>         | Not required with expected use.<br>If occupational exposure limits are exceeded or respiratory irritation occurs, use of a NIOSH/MSHA approved respirator suitable for the use-conditions and chemicals in Section 3 should be considered.                |
| <b>General Hygiene Considerations:</b> | Wash hands and any exposed skin thoroughly after handling.<br>See 29 CFR 1910.132-138 for further guidance.                                                                                                                                               |

## 9. PHYSICAL AND CHEMICAL PROPERTIES

|                                        |                                             |
|----------------------------------------|---------------------------------------------|
| <b>Appearance/Physical State:</b>      | Liquid                                      |
| <b>Color:</b>                          | dark yellow                                 |
| <b>Odor:</b>                           | Pleasant                                    |
| <b>pH:</b>                             | Undiluted: 9.0-10.0 / Diluted 1:64: 7.0-8.0 |
| <b>Melting Point / Freezing Point:</b> | No information available.                   |
| <b>Boiling Point / Boiling Range:</b>  | 100 °C / 212 °F                             |
| <b>Flash Point:</b>                    | > 100 °C / > 212 °F ASTM D56                |
| <b>Evaporation Rate:</b>               | < 1 (BuAc = 1)                              |
| <b>Flammability (solid, gas)</b>       | No information available.                   |
| <b>Upper Flammability Limit:</b>       | No information available.                   |
| <b>Lower Flammability Limit:</b>       | No information available.                   |
| <b>Vapor Pressure:</b>                 | No information available.                   |
| <b>Vapor Density:</b>                  | No information available.                   |
| <b>Specific Gravity:</b>               | 1.011                                       |
| <b>Solubility(ies):</b>                | Soluble in water                            |
| <b>Partition Coefficient:</b>          | No information available.                   |
| <b>Autoignition Temperature:</b>       | No information available.                   |
| <b>Decomposition Temperature:</b>      | No information available.                   |
| <b>Viscosity:</b>                      | No information available.                   |

## 10. STABILITY AND REACTIVITY

|                                            |                                                                                                 |
|--------------------------------------------|-------------------------------------------------------------------------------------------------|
| <b>Reactivity:</b>                         | This material is considered to be non-reactive under normal conditions of use.                  |
| <b>Chemical Stability:</b>                 | Stable under normal conditions.                                                                 |
| <b>Possibility of Hazardous Reactions:</b> | Not expected to occur with normal handling and storage.                                         |
| <b>Conditions to Avoid:</b>                | Extremes of temperature and direct sunlight.                                                    |
| <b>Incompatible Materials:</b>             | Strong oxidizing agents. Strong acids.                                                          |
| <b>Hazardous Decomposition Products:</b>   | May include carbon monoxide, carbon dioxide (CO <sub>2</sub> ) and other toxic gases or vapors. |

## 11. TOXICOLOGICAL INFORMATION

|                                   |                                    |
|-----------------------------------|------------------------------------|
| <b>Likely Routes of Exposure:</b> | Eyes, Skin, Ingestion, Inhalation. |
| <b>Symptoms of Exposure:</b>      |                                    |

**-Eye Contact:** Pain, redness, swelling of the conjunctiva and tissue damage. Eye contact may cause permanent damage.  
**-Skin Contact:** Drying of the skin.  
**-Inhalation:** Nasal discomfort and coughing.  
**-Ingestion:** Pain, nausea, vomiting and diarrhea.  
**Immediate, Delayed, Chronic Effects**  
**Product Information:** Data not available or insufficient for classification.

#### Numerical Measures of Toxicity

The following acute toxicity estimates (ATE) are calculated based on the GHS document.

ATEmix (oral): 55209 mg/kg

#### Component Acute Toxicity Information

| Chemical Name                             | Oral LD50            | Dermal LD50         | Inhalation LC50         |
|-------------------------------------------|----------------------|---------------------|-------------------------|

**Persistence and Degradability:** No information available.

**Bioaccumulation:** No information available.

**Other Adverse Effects:** No information available.

## 13. DISPOSAL CONSIDERATIONS

**Disposal of Wastes:** Dispose of in accordance with federal, state and local regulations.  
**Contaminated Packaging:** Dispose of in accordance with federal, state and local regulations.

## 14. TRANSPORT INFORMATION

**DOT:** Not Regulated  
**Proper Shipping Name:** Non-Hazardous Product  
**Special Provisions:** Shipping descriptions may vary based on mode of transport, quantities, package size, and/or origin and destination. Check with a trained hazardous materials transportation expert for information specific to your situation.

**IMDG:** Not Regulated  
**Proper Shipping Name:** Non-Hazardous Product

## 15. REGULATORY INFORMATION

**TSCA Status:** (Toxic Substance Control Act Section 8(b) Inventory)  
All chemical substances in this product are included on or exempted from listing on the TSCA Inventory of Chemical Substances.

### **SARA 313**

This product does not contain listed substances above the "de minimus" level

### **SARA 311/312 Hazard Categories**

|                                           |     |
|-------------------------------------------|-----|
| <b>Acute Health Hazard:</b>               | Yes |
| <b>Chronic Health Hazard:</b>             | No  |
| <b>Fire Hazard:</b>                       | No  |
| <b>Sudden release of pressure hazard:</b> | No  |
| <b>Reactive Hazard:</b>                   | No  |

### **California Proposition 65**

This product is not subject to warning requirements under California Proposition 65.
