25703

Features & Benefits

Scott Pro provides state of the art solutions to maximize productivity. You can trust Scott Pro Hard Roll Paper Towels, with fast-drying Absorbency Pockets, to provide efficient, reliable hand-drying for your washroom or break room. With the new paper design, our paper towel is Unmistakably Scott branded so you'll be recognized for providing the most well-known restroom brand in your facility. This new Elevated Scott Design was preferred 4 to 1 based upon a 2019 KCP Brand Differentiation Study. These paper towels are exclusively compatible with the Scott Pro Dispenser systems (blue/grey/green cores), which can adapt to suit your needs. Plus, the fast-drying Absorbency Pockets mean that users will need fewer towels to dry their hands. The result? More towels left in the dispenser, more times between refills and less paper waste. Drying is one of the most important steps in the hand washing process, and how you dry matters. Providing high-quality Scott Pro Hard Roll commercial paper towels to your guests, clients and employees is one important piece of the workplace hygiene puzzle.

- 1.75" core size (grey core) is compatible exclusively with Scott Pro paper towel dispensers (modular dispensers adapt to suit your business' function and image needs)
- Absorbency Pockets absorb lots of water fast for superior hand drying performance, so guests use fewer paper towels
- The new Elevated Scott® Design is preferred 4 to 1 and provides an Unmistakably Scott® restroom experience
- These paper towels meet EPA guidelines, and are FSC certified and ECO Logo certified

Product Details

Brand:	Scott®
Size:	7.5" x 1,150'
Color:	White
Pack 1:	6 Roll(s) / Case
Pack 2:	1150 Feet / Roll
Pack 3:	6900 Feet / Case
RF Content:	70%

† Please reference above for all applicable Certification/Standards.

PRODUCT CERTIFIED FOR REDUCED ENVIRONMENTAL IMPACT. VIEW SPECIFIC ATTRIBUTES EVALUATED: UL COMWEL, UL 175 or UL 2783

Meets EPA standards for minimum post-consumer waste content: towels 40%, bedroom tissue 20%, facial tissue 10%
