Video instructions on how to load a rotisserie chicken into the ToGo! Hot Meal Bag

# Let's find your hot meal solution

## STEP 1: CONTENTS

Our ToGo! Hot Meal Bags provide you customized solutions for your business needs. The type of food that will be packaged in the bags, the presence of juices, sauces and level of crispness are considerations to determine the best options for your operations.

### Rotisserie chicken – whole

### Rotisserie chicken – ½

### Fried chicken pieces (9-12) Wings (20+) Appetizer – large

### Fried chicken pieces (5-8) Wings (15-20) Appetizer or sides – medium

### Fried chicken pieces (2-4) Wings (6-12) Appetizers or sides – small

## STEP 2: STYLE

### Window and non-window

- Anti-fog window option maximizes visibility to drive impulse sales

### Vented

- Performance ventilation offers balance of heat retention and moisture release to keep food hot and crisp

## STEP 3: MATERIALS

### Paper

- Kraft stock design
- White stock design
- Custom orders available

### Film

- Window bags come standard with clear anti-fog polypropylene film
- Compostable film is available for custom orders

## STEP 4: CLOSURES

- Fold with label closure (label not included)
- Tin tie closure for reclosable items
- Tac seal tamper-evident closure

## STEP 5: SELECTION
