

CLOROXPRO

Professional Products

High Standards.
Proven Results.

Full Line Cleaning Brochure

Providing a high standard of cleanliness is always a top priority for your business or organization. To ensure your success, it's imperative you choose the right product for each of your cleaning jobs. And each product needs to outperform and overdeliver.

The Complete Package

CloroxPro® offers a broad portfolio of disinfectants and cleaners to meet your needs. Our line of electrostatic sprayers enables fast, thorough disinfection of large spaces, while our wipes, sprays and liquids enable quick touch-ups throughout the day and targeted solutions for tough jobs. For more complete cleaning solutions, Clorox offers useful training tools, protocols and educational materials.

Cleaning & Disinfecting

A wide range of cleaners and disinfecting sprays, wipes, aerosols and dilutables that create safer, healthier public spaces.

Electrostatic

Electrostatic devices and chemistries offer superior surface coverage, which helps keep facilities healthier, while also saving time and money.

Eco-Conscious Cleaning & Disinfecting

More sustainable cleaners and disinfectants that help keep facilities clean and healthy while using EPA Safer Choice and Design for Environment approved ingredients.

Specialty Cleaning & Disinfecting

A selection of specialized products from leading brands that address a specific challenge or an area.

You need to get the job done well. It's important. So is selecting the right products to help you deliver the best results.

Delivering a high standard of clean

Recognized and trusted for decades, each Clorox brand reflects a heritage of proven quality and outstanding product performance. With many of the No. 1 brands in the industry, Clorox lets you clean with confidence — knowing you are delivering the type of clean your customers, employees and patrons deserve.

That is where CloroxPro® products can help. With a wide range of products designed to handle the toughest commercial cleaning jobs— from fighting germs to cleaning heavy-duty jobs — you can count on Clorox to deliver a Complete Clean.

A proven and preferred product line

When it comes to doing the job well, product performance is assured with Clorox.

Clorox is top rated among Janitorial Cleaning Professionals for:

- ▶ **Products that have been trusted and used for generations.**
- ▶ **Products that kill drug resistant organisms to help prevent the spread of illness-causing germs.**
- ▶ **Helping facilities improve their cleaning efficacy.**

- ▶ Engineered to clean high-touch areas such as schools, offices, athletic facilities and healthcare settings

1 Unit UPC: 29561

Get Superior Coverage With Trusted Solutions for Healthier Facilities

Illness-causing germs can quickly spread on surfaces. Manual cleaning methods and traditional disinfecting tools aren't designed to effectively reach all desired areas, leaving facilities and tenants at risk.

The Clorox® Total 360® System pairs an electrostatic sprayer with a portfolio of Clorox disinfectants and sanitizers to ensure all surfaces — even those hard-to-reach, difficult-to-clean areas — are properly treated. The superior surface coverage helps keep facilities healthier, while also saving time and money.

Bleach Based Chemistries
