

Reengineered Towels for New Applications

WE PUSH QUALITY WITH OUR CENTER PULL

Center Pull Towels

Our new and improved center pull towels offer economical and high quality options for hand drying needs. These commercial products are designed for one-at-a-time dispensing right from the center of the roll, which helps minimize waste.

With a **NEW 2.6" PERFED CORE**, with black lines for reference, this towel is now even easier to use. As you only use the towel you touch, center pull products are ideal for bathrooms, food service areas, and other high-traffic locations where sanitation is of extreme importance.

NEW & IMPROVED CENTER PULL TOWEL
