

CUTLEREASE[®] DISPENSING SYSTEM

Cutlerease[®] dispensing system promotes improved hygiene and reduces the spread of germs by releasing one piece of cutlery at a time.

No buttons to push, no tray to sort through, no plugs, no batteries, and no-touch loading.

BPI Certified Compostable Cutlery

Biodegradable Products Institute (BPI) is a third-party organization that provides certification for materials and products that break down in a commercial composting environment. “BPI Certified” means a product has gone through a rigorous testing process for compostability.

NSF

NSF protects and improves global human health. Manufacturers, regulators and consumers look to them to facilitate the development of public health standards and provide certifications that help protect food, water, consumer products and the environment.

CUTLEREASE® DISPENSING SYSTEM

Countertop cutlery dispensing system for:

- Improved Hygiene
- Space Savings
- Efficient Dispensing
- Convenience
- Zero Waste Programs
- NSF Certified

- Dispenses BPI-Certified Compostable Cutlery
- Holds up to 360 pieces
- No plugs or batteries
- Takes up less than one square foot of counter space
- Customizable

Cartridges slide in and out easily for loading.

Red tab on the face indicates when cutlery is low and it's time to reload.

Priming trigger loads cutlery for dispensing with one touch.

Cutlerease® Dispensing System

Single, double, or triple bases offer flexibility - mix and match towers depending on the cutlery pieces you need. Only need forks? Use three of the same towers for high volume areas.

BASES		
EPCEBASE-SINGLE	1-Slot Base Unit, Gray	1/cs

CUTLEREASE® DISPENSABLE CUTLERY		
EP-CE6FKWHT	6in Fork	960/cs
EP-CE6KNWHT	6in Knife	960/cs
EP-CE6SPWHT	6in Spoon	960/cs

* Compostable in commercial facilities only, which may not exist in your area.

** NSF certification applies to dispensers produced after March 15, 2021

Custom Printed Adhesives

Operators can now showcase their brand directly on Cutlerease dispensers. Each side of the towers, as well as the front-facing strips, can be customized with logos, branding, promotions, event calendars, and more.

One adhesive sheet covers one tower. It includes a right side label, a left side label, and the availability to print a front-facing strip label (*most customers do not opt for the front strip, preferring to keep the standard Cutlerease fork/knife/spoon art*).

Contact your sales rep to start your customization project!
