TAKE-OUT CONTAINERS

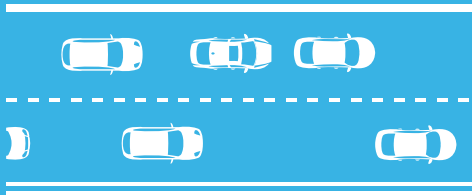

MADE FROM RECYCLED BOTTLES

Launched in 2008, the BOTTLEBOX® is the original take-out container made from recycled beverage bottles. Spotting a true BOTTLEBOX® is simple. The containers are embossed with the BOTTLEBOX® logo and the number of bottles it took to create that container. Each year we track how much recycled PET plastic we use and its positive impact on reducing green house gases.

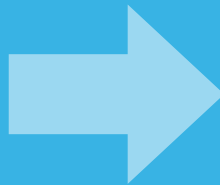

CHECK OUT THE BOTTLEBOX® STORY AND HOW MUCH GREENHOUSE GAS WE HAVE SAVED AT THEBOTTLEBOX.COM

BOTTLEBOX® HAS USED **3.6 BILLION** RECYCLED BOTTLES SINCE 2011

THAT'S EQUIVALENT TO TAKING **10,100 CARS** OFF OF THE ROAD EACH YEAR

USING BOTTLEBOX® CONTAINERS SAVES **MILLIONS OF POUNDS OF PLASTIC** FROM ENDING UP IN LANDFILLS
