

GREENSTRIPE® HOT CUPS

Our Renewable Paper Cups runneth over with messaging about their more sustainable pedigree. Spread the word about your commitment to sustainability with these FDA approved renewable resource cups, without compromising on style.

BPI Certified Compostable

Biodegradable Products Institute (BPI) is a third-party organization that provides certification for materials and products that break down in a commercial composting environment. "BPI Certified" means a product has gone through a rigorous testing process for compostability.

GREENSTRIPE® HOT CUPS

Hot Cups

Made from renewable resources

Lined with PLA, a plant-based plastic

Meet ASTM standards for compostability

BPI-certified compostable*

Hot and cold food friendly

World Art™ and GreenStripe® branding communicates your environmental commitment
