AIR CARE SIMPLIFIED

The AirWorks® Complementary Air Care System

No client should ever smell anything unpleasant anywhere in any facility. Cleanliness of the restroom is one of the most important factors in the overall patron perception of an establishment. A poorly maintained restroom can turn clientele away from an establishment permanently.

Every commercial enterprise should incorporate some form of ambient scenting as part of its marketing strategy to increase traffic and customer satisfaction. The AirWorks® Complementary Air Care System is created with products that have corresponding fragrances of varying intensities, creating a uniform scent throughout the space.

89% of respondents would consider a public restroom dirty based on **odor alone**.*

*Based on a 2013 study conducted by Cintas.

Choosing Solutions For A Complementary Air Care System

Competing scents in a restroom can be unpleasant. HOSPECO has developed a refreshing new concept in air care, the Complementary Air Care System. By choosing one fragrance for your entire restroom, you achieve a uniform scent that eliminates malodors.

Solutions included in the complementary system are denoted with this symbol in the air care products section.

Step 1 | Location

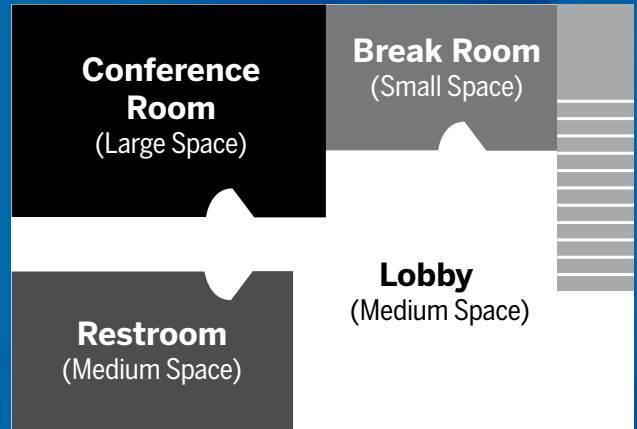

There are key areas of any facility that can benefit from ambient scenting. Identify where it is going to be used and the proper intensity for the space. Decide if the air care system is for a small, medium or large space and locate the coordinating fragrance intensity.

Step 2 | Fragrance

Identify the desired fragrance. Several fragrances are offered in each intensity. Choose the one desired most for the space.

Step 3 | Solutions

Choose the air care solutions that meet your needs in matching fragrances to build additional fragrance throughout your desired space. **The recommended optimal system:** AirWorks® 3.0 for the wall, AirWorks® SPLASH FREE™ Urinal Screen and the AirWorks® Bowl Clip for the toilet. To further increase intensity of fragrance, add an AirWorks® Hang Tag.

Metazene® odor neutralizer doesn't merely mask odors with scent, it destroys the particles that cause vaporous malodors at their molecular level. Available in AirWorks® 3.0 Refills and AirWorks® Metered Aerosols.

AirWorks® SPLASH FREE™ Urinal Screen ★

- Unique draining system in every micro-tube, leaves the screen residue free
- Stays fresh for up to 30 days with continuous odor control
- Material formula contains enzymes to prevent unpleasant odors
- Screen prevents the passage of debris into drains, helping to prevent costly plumbing repairs
- Flexible EVA material with raised feet on bottom, for use in both dry and standing water urinals
- VOC compliant in all 50 states

★ Solutions included in the complementary system are denoted with this symbol in the air care products section.

Airworks® Premier Urinal Screen w/ SmartBlock® ★

- Combining new SoftSpike™ technology that diffuses liquid to eliminate splash and SmartBlock® enzyme block technology that cleans and reduces odors in the restroom
- Cleans and deodorizes for up to 60 days
- Flexible EVA material fits all urinals and can be used in both dry or standing water urinals
- Easy to replace - when enzyme block has dissolved completely it is time to to replace the urinal screen
- Enzyme block is non-toxic and biodegradable
- Can be used in any state
- Ideal for high traffic washrooms

A clean and fresh smelling restroom depends on the elimination of bacteria.

Feminine waste receptacles harbor bacteria that cause unpleasant odors. Help eliminate those odors by containing menstrual care waste and properly lining waste receptacles. Scensibles® personal disposal bags and liners are lightly scented and have built in antimicrobial agents that inhibit the growth of odor causing bacteria.

Scensibles® disposal bags help to eliminate unpleasant odors with a pleasant fresh fragrance.

Scensibles® Personal Disposal Bags and Dispensers

Personal Disposal Bags

- Single-use bag for sanitary pads, tampons, panty liners and wipes
- Contemporary pink on pink flower pattern masks the contents
- Easy 4" handle-tie closures help completely conceal contents
- Pleasant fresh fragrance
- Built-in antimicrobial agents inhibit the growth of odor-causing bacteria
- Interleave folded in refill box for easy dispensing
- 1 mil high density poly
- Size - Box: 3.5" x 5" x .5", Bag: 3.375" x 9.75" x 2"

Dispensers

- Simple installation with double-sided foam tape or screws (provided)
- Durable imprinted instructions
- Easy refilling
- Size (SDW, SDSC, SDBL) - 3.75" x 5.325" x 1"
- Size (SDSS) - 3.75" x 6.25" x 1"
- Size (LD) - 3.75" x 5.33" x 1.33"
- Size (LDSS) - 3.75" x 6.5" x 1.125"

Health Gards® Disposable Floor Mat

- Dark colored absorbent disguises discoloration
- Open grating design reduces "secondary splashing"
- Absorbent core made from recycled fibers
- Natural odor control added
- Helps to protect grout and tiles
- Helps reduce slips due to wet washroom floors

Item #	Description	Color	Size	Selling Unit
AS-ACDM-P	Disposable Floor Mat	Gray	18" x 20"	6/bx - 5 bx/cs
AS-ACDM-NF-6	Economy Disposable Floor Mat - Absorbent Pad Only - No Plastic Mat	Gray	18" x 20"	6/bx

Build-up of bacteria growth on floors and tile grout from urine can result in foul odors.

Health Gards® Antimicrobial Mats keep floors dry around urinals, commodes, near sinks and hand drying areas. The mats grip the floor, capture any fluid that escapes, eliminate any odors and quickly air dry.

Health Gards® Antimicrobial Mats

- Protects flooring from liquids and stains
- Designed with a self drying surface, so they air dry like entrance mats

The mat's fibers are pretreated with a **strong antimicrobial** that inhibits the growth of odor causing bacteria.
