Sani-Guard-SF

Sani-Guard-SF is a water less sanitizing foam containing 62% Ethanol and humectants to protect retention of moisture, plus Aloe Vera & Vitamins A & E to decrease skin shedding and transmission of skin flora to patients and to prevent dryness of skin and damage to the protective barrier properties of skin. **Sani-Guard-SF** is glycerin free! Hands are always clean and smooth without feeling coated and sticky.

Our specially designed foaming formulas enriched with vitamins and moisturizers, provide a gentle wonderful gentle cleansing experience along with a fresh, clean scent.

INOPAK push dispensers offer a generous portion of a soft gently foam. As the foam is dispensed, air is infused into the soap, resulting in a rich creamy lather.
