Foam Hinged Lid Containers

with **PERFORMER** perforated hinge

Features

Vented to preserve food quality longer

Vent holes on sidewalls of the lid preserve food quality (i.e. crispiness) by allowing steam to escape. The vented containers come with the Performer perforated hinge.

Secure closure

These containers feature either a double lock closure or a "knuckle" locking tab intended to prevent accidental openings.

Tabs on base ensure containers stay closed when picked up by the lid.

Recyclable*

*Recyclable in the few communities with appropriate facilities for foam polystyrene recycling.
