Simple & effective solutions for everyday foodservice challenges

visit us at [ncco.com](http://ncco.com)

**For more than 100 years**, National Checking Company (NCCO) has developed and produced products that drive success for the foodservice and hospitality industries. NCCO specializes in disposable products that improve restaurant profitability, enhance food safety, increase server and restaurant efficiency and promote a more enjoyable and satisfying dining experience.

We continually focus our efforts on providing quality products and exceptional service to all our stakeholder partners. From foodservice distributors to restaurants, we value our relationships and will always work to ensure their and our continued success.

# Why Choose NCCO?

Over the past 110 years, NCCO created simple and relevant solutions to everyday – often unrealized problems. Line extensions, acquisitions, territory expansions and product enhancements extended the NCCO family over the last century. That innovative nature propels our objective to offer customers new products. As a family-owned company, our team works to put the service back in foodservice by making it easy to obtain the highest quality products from the most convenient source.

**At NCCO, you are not just a customer – you are a valued partner. You can rely on NCCO to provide:**

- **Excellent Product Quality**

Our products go through a rigorous inspection and quality assurance process to ensure we exceed your expectations.

- **Delivery Accuracy**

We value the relationship with you and know the importance of inventory on your business. That is why NCCO's fill rate exceeds the industry standard.

- **Sales Support to Grow Your Business**

NCCO works with you to support your business through training, attending your trade shows, providing sales literature and free products, as well as deploying marketing campaigns to drive business.

- **Food Safe Products**

Safety is important in the kitchen environment and NCCO is committed to make sure our products hold up to kitchen standards.

- **Sustainable Sourcing**

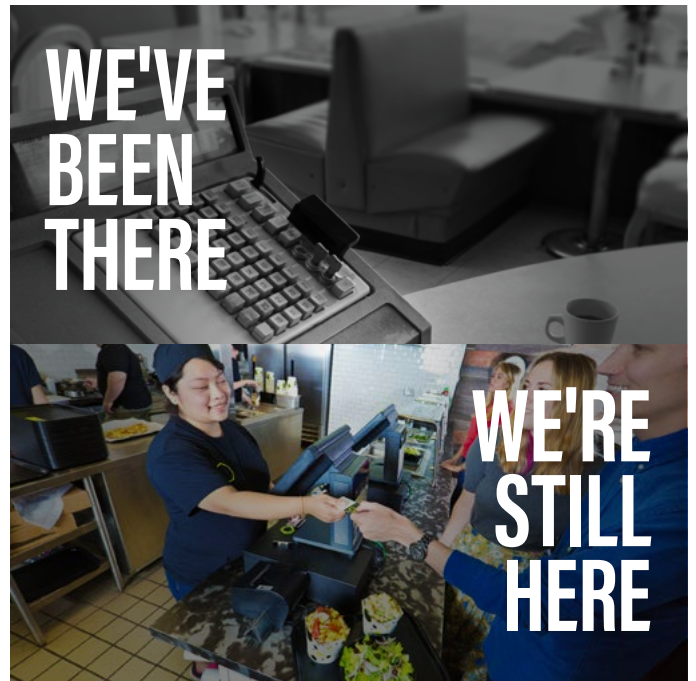

NCCO uses sustainable sourcing of materials such as BPA Free, FSC Certified, and Sustainable Forestry Initiative Certified whenever possible.

- **Eco-conscious Production**

Our continued commitment to the environment is through our initiatives in the Green Fuel Waste reduction program which turns waste into pellets used as a heating source. Additionally, we use soy ink which has a lower environment footprint.

- **USA Made Products**

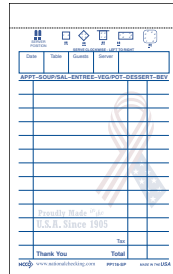

For over 100 years, we have manufactured quality products made in the USA. With warehouses in several locations throughout the United States, NCCO ensures you will have the products you need when you need them.

# PATRIOTPROUD™

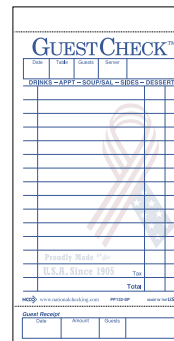

## A line of USA-branded restaurant products

### PP116SP

#### PatriotProud Single Paper GuestCheck

### PPNB

#### PatriotProud Napkin Band

.5" x 4.25"  
2500 Bands/Pack  
8 Packs/Case

Some of our most popular restaurant products are available with a patriotic American flag ribbon design and prominent 'Made in the U.S.A.' messaging. This shows support for our country's service members and also promotes quality American manufacturing.

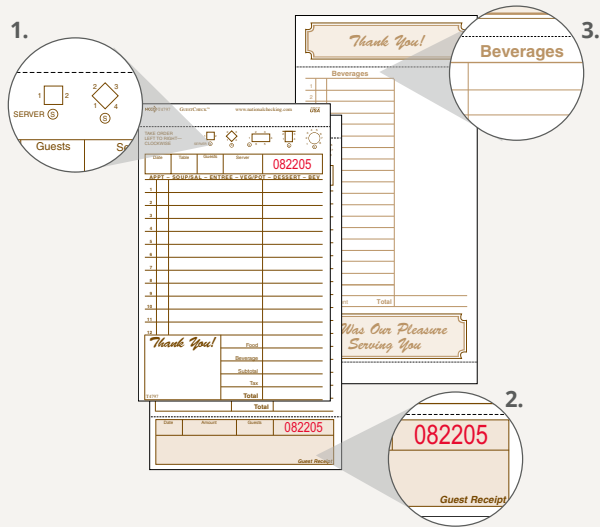

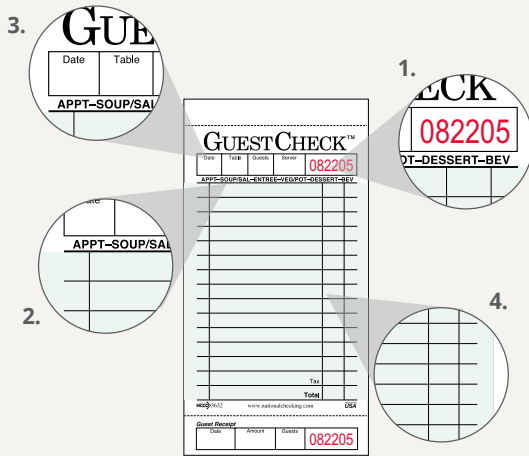

# GuestChecks™

## Providing the best requires the original.

Service is your business and to keep your customers coming back you want to provide the best service you can. The original GuestCheck can help you do just that. The menu prompt at the top is a tool for servers to use to sell the entire menu, especially those high profit items. Mistakes are minimized as there is plenty of room to write the order and any special requests.

# Check Style Basics

## Common Components:

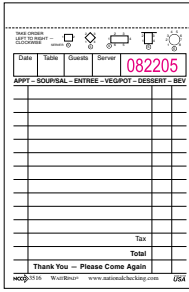

- 1. Sequential Numbering**  
Unique numbering helps servers and managers organize orders
- 2. Menu Prompt**  
Encourages servers to up-sell the entire menu
- 3. Order Data Boxes**  
Servers can record important table data for future reference
- 4. Horizontal Lines**  
Different styles feature from 8 to 22 lines for taking orders

## Variable Features:

- 1. Pivot Points**  
Simple reference for servers to distribute food and beverages easily
- 2. Perforated Receipt**  
Tear-off receipts can be given to customers for their personal record
- 3. Beverage Lines**  
Printed on the reverse side of board checks to keep track of complex food and drink orders

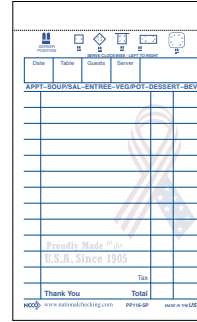

# One-Part Paper Checks

A single sheet guest check with no copies, made with a lightweight yet durable paper stock. Best used where only one staff member needs to view the written order, especially if the server enters the order on a POS terminal.

# Two-Part Duplicate Carbon-Backed Checks

Duplicate carbon-backed guest checks feature a carbon-backed-paper top copy and duplicate cardboard copy. Writing down orders on the top copy transfers the carbon to the board duplicate below, creating a copy.

# RegistRolls®

## Simple quality that's simply convenient.

Whether it's a POS system, credit card machine printer or a receipt kitchen printer, you depend on your rolls to be high quality, long lasting and there when you need them.

- Convenient reordering saves you time and money and ensures you'll always have rolls on hand.
- Simplify roll changes and eliminate paper waste with RegistRollSeal®, a unique adhesive-free starter edge.

# DETERMINE WHICH SIZE ROLL IS NEEDED

**1 - Identify the paper type: one-ply bond, two-ply carbonless or thermal.**

**ONE-PLY BOND**

Matte paper  
Ink impression  
Will **not** leave a mark when scratched

**TWO-PLY CARBONLESS**

One white ply  
One yellow ply

**THERMAL**

Glossy paper  
Heat impression  
Will leave a mark when scratched

**2 - Locate the section on the register roll charts provided in your catalog.**

**3 - Hold the existing roll horizontally as if it's being placed in the machine.**

1225SP	2.25" x 165' White Bond	10 Rolls/Tray 4 Trays/Case	40 Rolls/Case
--------	----------------------------	-------------------------------	---------------

**4 - Measure it against the shaded bar in the appropriate section to find the roll size and item number.**

# One Ply Register Roll

One ply bond register rolls feature paper made with recycled and sustainably sourced fiber. These rolls are primarily used in cash registers where only one copy is needed and in printers that use ink ribbons like RegistRibbons.

# Two Ply Register & Thermal Rolls

Two ply carbonless rolls feature a white top layer and bottom duplicate layer.

Thermal Rolls are printed using heat instead of ink to create the imprint.

# Register Ribbons

NCCO RegistRibbons exceed OEM specifications with high quality nylon and ink layering to increase ribbon life. Make sure to never run out of ink at the wrong time by ordering one ribbon for every 10 bond rolls used.

Visit our site and use the Ribbon Finder tool to find the compatible ribbon for your printer: [www.nationalchecking.com/ribbon-finder](http://www.nationalchecking.com/ribbon-finder)

- Sticks to a range of surfaces
- Track take-away and delivery orders
- No wasteful liner to remove

## Adhesive Thermal Rolls

The patterned adhesive on the back of the roll's paper is repositionable, allowing labels to be removed without damage.

Improve order speed, efficiency and customer satisfaction by using liner-free label rolls to identify products and containers.

# datecode genie®

SMART LABEL SOLUTIONS AT YOUR COMMAND

**The Date Code Genie®** is an innovative labeling system that revolutionizes food preparation and labeling processes and dramatically increases efficiency and accuracy in kitchens. With the ability to print up to 60 labels a minute, your operation will save hundreds of hours in time and labor each year.

## Benefits that stick

Revolutionary drag-and-drop label designer

Centrally managed, cloud-based software

Multimedia gallery for staff to access recipes, training videos & user content

Comprehensive, two-year warranty & ongoing software updates

Wi-Fi enabled, full-color touchscreen

High-quality kitchen-grade stainless steel housing

## Smart Solutions

Choose the model that best fits your needs.

DCG 2.0

DCG X2, DCG X22, DCG X23

DCG Fit™

Also available: DCG Fit Shelf complements by attaching the printer to the main device.

Visit [DateCodeGenie.com](http://DateCodeGenie.com) to schedule a free demo of the system or call 1-800-774-0478.

The Date Code Genie can print a variety of label styles including grab-and-go, catering, food rotation and more. The thermal printer masterfully handles 2" and 3" labels.

Keep labels simple or choose full customization – add images and logos, move sections around and choose different fonts matching your brand. Nutritional facts, allergen information, ingredients and more can be added at the touch of a button.

SMART LABEL SOLUTIONS AT YOUR COMMAND

# Food Safety

Food safety is critical to your business and something that requires constant monitoring. From the cooler to the prep area, it's important to know which products to use first to reduce your risk of spoilage. Food rotation labels can help you:

- Improve inventory management
- Monitor the expiration dates of your food
- Avoid cross-contamination
- Ensure customer safety
- Reduce waste which saves you money

# Top Reasons

## To Use NCCO's Food Rotation Labeling System

### Assure the health inspector your operation is safe.

Show your operation is up to date on available food safety solutions with an organized color coded labeling system.

**Prevent cross-contamination.** Stacking containers is now safe with adhesives that either dissolve in water or can be cleanly removed even after washing.

**Avoid serving out of date food.** Identify food quickly and easily with color coded labels. With ample room to write, it's easy to determine in what order food needs to be used.

**Manage inventory.** "Use by" and "Use First" labels help kitchens maintain better inventory management for multiple batches, ensuring a first in, first out system.

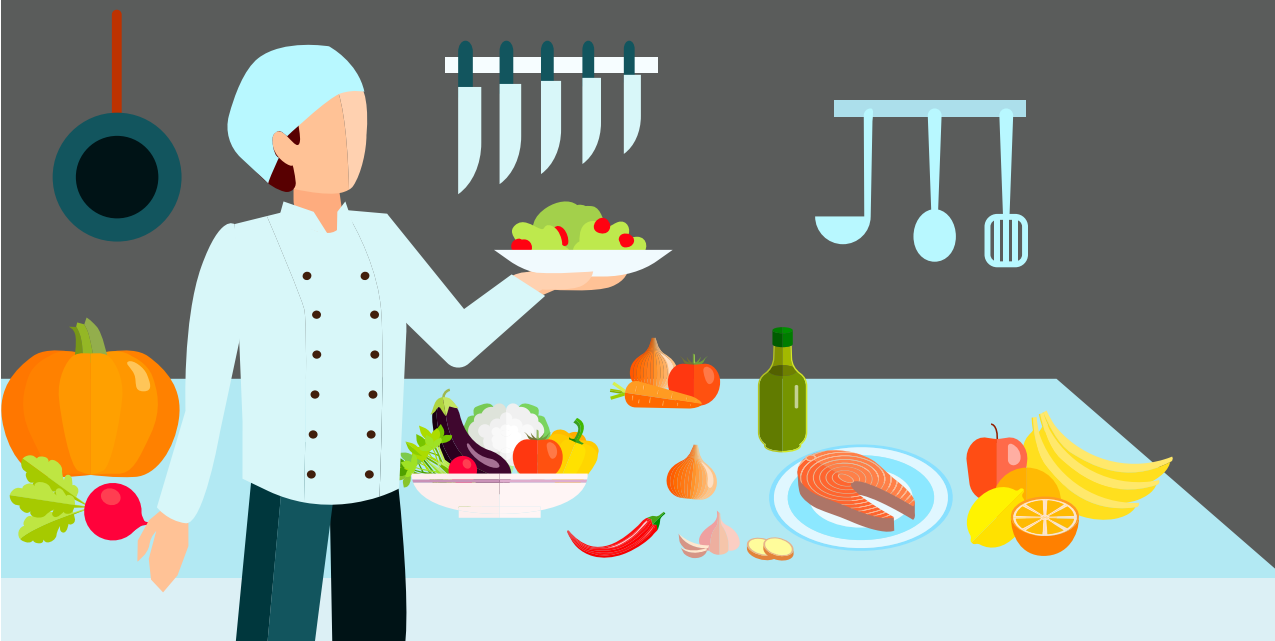

**Reduce food waste.** Quickly and easily monitor expiration dates to avoid wasting food and money.

**A variety of labels and dispensing options offered.** With four adhesives, 13 label styles and six dispensing options, you can find what you need for your kitchen.

**Conveniently available.** Contact your local foodservice distributor to find out how to order your food labeling system.

**Minimize the potential for lawsuits.** When used properly, food safety labeling systems create an organized and safe solution for managing food freshness.

**Minimum investment.** Every kitchen's need is different. Whether you need one roll or 1000, you can find the solution and price to meet your needs.

# Dissolving Labels

- ▶ Dissolves completely in water with no residue
- ▶ Works in freezer to -40 degrees
- ▶ Use on any washable container
- ▶ Dissolves in any temp water
- ▶ Labels are biodegradable

### RIDU2301

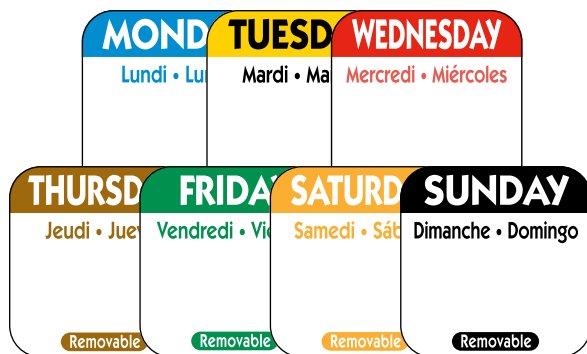

## Leave no residue behind

Removable labels are designed to peel off containers quickly and cleanly, leaving no residue that can harbor contaminants like bacteria or allergen ingredients.

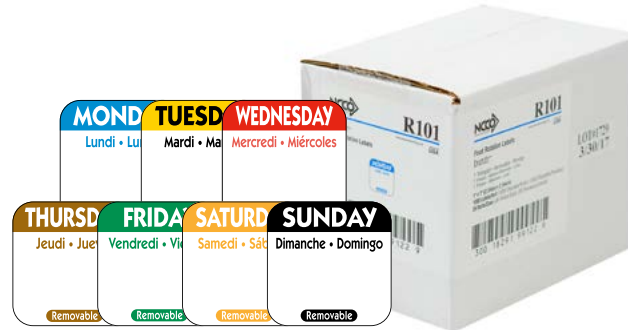

**Removable 2" x 3" Labels: RIDU2301 – see page 49**

2" x 3" Item/Date/Use By Trilingual Day of the Week Labels feature a semi-gloss finish and removable adhesive.

# Food Safety

## Permanent Food Rotation Labels

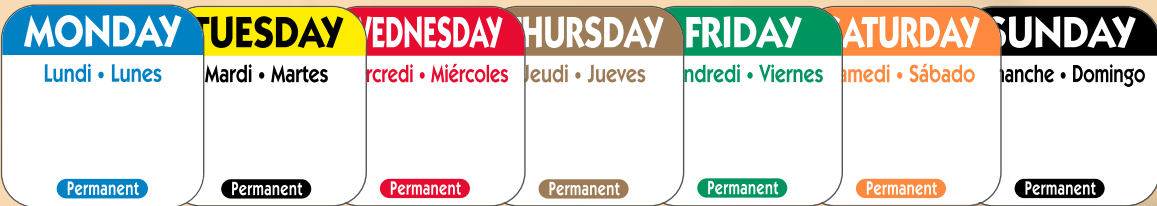

# Permanent Labels

- ▶ Strong label adhesive designed for permanent affixing to surfaces
- ▶ Use on any disposable containers or surfaces
- ▶ Best for disposable items as adhesive becomes stronger in coolers and freezers
- ▶ Label must be removed before washing
- ▶ Most cost-effective label

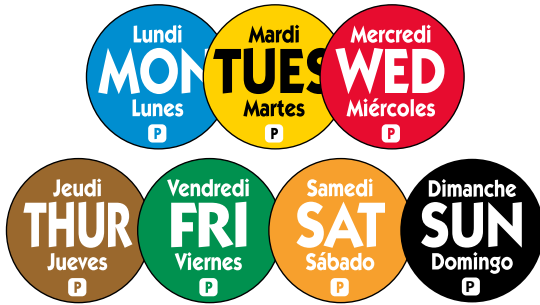

### PERMANENT ADHESIVE

Minimum Application Temperature: **+25°F**  
Working Temperature Range: **-65°F to +160°F**

# Food Safety Training Certification

## Online, Video-Based Food Safety Training

### Food Protection Manager Training 8 Hour Course

Provides managers the knowledge, skills and abilities necessary to oversee safe storage, preparation and service of food.

### Food Handler Training 2 Hour Course

An essential course for any front of house or kitchen staff member that covers important basics of food safety.

### Allergen Awareness Training 1 Hour Course

This life-saving training teaches staff about the major allergens and how to safely prepare and serve food for those affected.

Track your staff's training with the touch of a button

## KEY BENEFITS:

- View and manage your entire staff's training, whether you have 1 or 500 locations.
- Grant access to any level of management, from branch to head office.
- 100% online – no paperwork!
- Set up training to be paid for by staff or by your company.
- Online Management System is included free with any course purchase.

## Speak to one of our Food Safety Experts today!

Custom Print

## Custom Print

Did you know using custom printed items can:

- Increase brand awareness
- Attract new customers who might be unfamiliar with the business
- Retain existing customers and keep them coming back for more

NCCO custom-printed products make promoting your business easy. **Custom-printed labels, GuestChecks, register rolls and napkin bands** provide a cohesive experience to customers and — for takeout or Grab & Go items — extend your image out into to the world. But custom printing can do so much more: Use special offers to generate repeat business, promote additional locations, implement a customer survey — your imagination is the only limitation.

For more information or to request a quote, call 1-800-328-6508

## To order custom labels:

1

### Select the size and shape

- 2" circle
- 2" x 4" rectangle
- 3" circle
- 2" x 3" oval
