

# DO YOU KNOW THE NEW SCHOOL RULES?

Providing menstrual care products is becoming the law.  
**We are here to help.**

with NYC  
w the law  
and

to do

an act to add Section 35292.6 to the Education Code, relating to feminine hygiene products.

**THE PEOPLE OF THE STATE OF CALIFORNIA DO ENACT AS FOLLOWS:**

SECTION 1. Section 35292.6 is added to the Education Code, to read:

35292.6 (a) A public school maintaining any combination of classes from grade 6 to grade 12, inclusive, that meets the 40-percent pupil poverty threshold required to operate a statewide program pursuant to Section 6314(c)(4) of Title 20 of the United States Code shall stock at least 50 percent of the school's restrooms with feminine hygiene products at all times.

(b) A public school described in subdivision (a) shall not charge for any menstrual products provided to pupils, including, but not limited to, tampons and sanitary napkins for use in connection with the menstrual cycle.

SEC. 2. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 of the State Budget Act of 2017, Chapter 100 of the Statutes of 2017, commencing with Section 17900 of Division 4 of Title 2 of the Government Code.

may be referred to as the Dignity Act.

**THE PEOPLE OF THE STATE OF ILLINOIS, PASSED IN THE GENERAL ASSEMBLY:**

35292.6 is amended by adding Sections 35292.6 and 35292.7 as follows:

35292.6 (a) A public school maintaining any combination of classes from grade 6 to grade 12, inclusive, that meets the 40-percent pupil poverty threshold required to operate a statewide program pursuant to Section 6314(c)(4) of Title 20 of the United States Code shall stock at least 50 percent of the school's restrooms with feminine hygiene products at all times.

(b) A public school described in subdivision (a) shall not charge for any menstrual products provided to pupils, including, but not limited to, tampons and sanitary napkins for use in connection with the menstrual cycle.

SEC. 2. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 of the State Budget Act of 2017, Chapter 100 of the Statutes of 2017, commencing with Section 17900 of Division 4 of Title 2 of the Government Code.

## ILLINOIS

### State of Illinois: August 2017

The Learn with Dignity Act was passed - Public Act 100-0163. Starting January 1, 2018, Illinois school districts and charter schools will be required to provide feminine hygiene products (tampons and sanitary napkins) in bathrooms of school buildings for free.

**"This is an important law that will assist young women across the state. In the same way we expect to have toilet paper and soap in bathrooms, we should expect the same with feminine hygiene products."**

- IL State Representative Litesa E. Wallace

## CALIFORNIA

### California: October 2017

Assembly Bill 10 was signed, requiring public schools having classes from grades 6-12 where at least 40% of the students meet the federal poverty threshold to stock half of the school's restrooms with free feminine hygiene products.

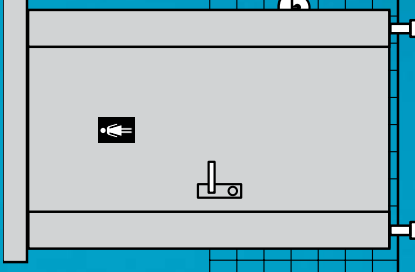

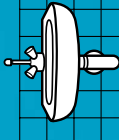

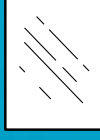

**"To me this bill is not just about a medical necessity, but about access to education. A lot of young women tell us that they miss school because they cannot afford these products."**

- Assembly Member Cristina Garcia

# It's as easy as 1, 2, 3 and A, B, C!

## STEP 1: Site Analysis

We offer an analysis that tells you precisely where and how menstrual care products might be added to your washrooms. Our experts look at your entire facility, and in the case of campuses, can offer comprehensive, building-by-building recommendations and an evaluation of your existing disposal method. The end result is a plan that makes most efficient use of available space and resources.

## How the Audit C

Survey results can offer savings number of right sized dispensers longer lasting ADA-compliant bins will make happy the building interfacing with the equipment

In short, solutions born out of a compliance and help identify the best long-term value for a school

It constitutes a well-appointed restroom, one that has public health at its core. A complete site analysis for restrooms in your facility — or even district wide. Our simplified product selection

Helps to

**“This issue is common sense. Every bathroom provides toilet paper, soap and paper towels which are expected, while another crucial hygiene necessity is absent. When you use a public restroom, you should have everything you need for proper hygiene.”**

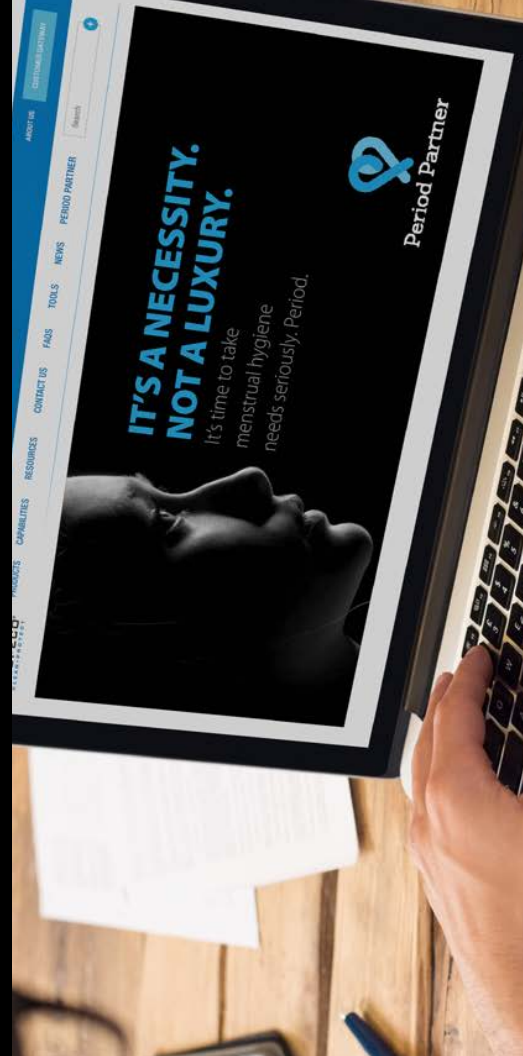

- WI State Representative Melissa Sargent

## Make you along the way!

We see menstrual care solutions to be as necessary as soap, toilet paper, and paper towels. We champion universal access because, let's face it, this isn't a topic people talk easily about. When designing restrooms and specifying their equipment, few consider the stigma of being left unprepared while away from home should your period come unexpectedly. For this reason, and because "it's always been this way", many public washrooms offer nothing.

### Let's change that.
