GREEN WAVE INTERNATIONAL - "GREEN" CONTAINERS, PLATES & BOWLS	

1. **Consolidated Paper Company** was established in 1918. We are a family owned and operated business and take pride in our reputation as the best and most experienced redistributor of paper, plastics, disposables and sanitary maintenance products from Washington DC to Boston and west to central PA.

2. **Sales specialists** are available to provide ongoing training and current industry information by arranging “work with” training days with mill representatives. This marketing strategy allows you to get first-hand knowledge direct from the manufacturer. Having this direct resource permits you to maximize customer service by demonstrating to your customer your ability to supply professional support and solutions. Mill representatives are available and anxious to demonstrate and provide information on their latest products and to work with you to increase YOUR sales.

3. **Greater ROI (Return On Investment)** is achieved by purchasing from Consolidated Paper Company as opposed to buying direct from the manufacturer. Fast turn-around times mean increased inventory turns which in turn lead to reduced inventory carrying costs and additional warehouse space. Bottom line, it means increased cash flow and increased profits for YOUR company. Stop tying up your capital in slow moving inventory and start earning a greater return on your investment today.

4. With our **just-in-time deliveries**, we expand your product availability, so that you can offer your customer the widest selection of products.

**“We build bridges to the manufacturers
not build walls between us.”**

Introducing PECO, your online resource center!

WWW.CONSOLIDATEDPAPER.COM

PECO is our new online ordering system, resource center and so much more!

- ♦ Ability to order online 24 hours a day 7 days week.
- ♦ See the entire listing of what we have to offer and get more detailed information about our products.
- ♦ Get exclusive online-only promotions and discounts.
- ♦ Explore the resource center that puts product information, safety data sheets, manufacturer materials and more at your fingertips.
- ♦ Easily access your Mylist and orderlines for fast reordering.
- ♦ Get fast quotes for products you've never ordered before.
- ♦ See and order our new products as soon as they are in stock.
- ♦ Find the products you're looking for faster and easier with search and sort filters.
- ♦ And so much more!

Ask your sales rep for your personalized login info today!
