## Our Promise to You

**Waddington North America (WNA)**, a Novolex company, offers a broad range of upscale and casual foodservice and food packaging products for catering, bakery, processor, grocery, deli, hospitality, restaurant, medical, and retail markets.

Expertise with different manufacturing processes, designs and the use of a wide variety of materials enables us to provide a broad range of rigid, convenience solutions to our customers. With nine North American manufacturing locations, WNA is known for innovation, styling and quality products that add value and provide readily accessible solutions for special events and everyday needs.

Our well-known tableware brands such as Reflections<sup>®</sup>, Masterpiece<sup>®</sup> and Classicware<sup>®</sup> emulate the beauty and elegance of permanent ware while adding convenience, efficiency and ease. Our customers inspire us and, in turn, we seek to inspire them by listening to their needs, understanding their consumers and monitoring the latest industry trends. The results speak for themselves with product solutions ranging from everyday takeout staples to catering items for special events that capitalize on a unique theme or a trendy menu. To learn more about WNA, visit [www.wna.biz](http://www.wna.biz)

**Novolex** develops and manufactures diverse packaging and foodservice products that touch nearly every aspect of daily life for multiple industries ranging from grocery, food packaging, restaurant and retail to medical applications and building supplies. Novolex and our family of brands provide customers with innovative paper and plastic solutions for their business needs today while investing in research and development to create more sustainable choices for the future. With more than 10,000 employees, Novolex operates 61 manufacturing plants in North America and Europe, including two world-class plastic film-recycling facilities. To learn more about Novolex, visit [www.Novolex.com](http://www.Novolex.com)

**Our Mission** is to provide innovative, stylish and functional foodservice products and packaging solutions that deliver convenience with a sophisticated, upscale appearance.

## Sustainability

**This year we are proud to introduce** products that deliver sustainable choices as well as convenience. Our 2020 catalogue features:

**Reflections Renew™** Cutlery – Our iconic silver-look cutlery is now made with 20 percent post-consumer recycled content. Recognized by QSR Magazine and The Food Packaging Institute. Reflections Renew cutlery took 2nd place in the 'Innovation in Manufacturing' category commending our efforts to introduce recycled content.

**EcoSense™** Caterware – Our full line of drop-off catering essentials including plates, trays and serving utensils is now available with more than 40 percent recycled content. The new line uses 20 percent less plastic resin and reduces carbon footprint by at least 50 percent compared to polystyrene counterparts.

**Cutlerease™** Dispensing System - Our cutlery dispensers reduce waste by releasing one piece of cutlery at a time. The new delivery system also promotes improved hygiene and reduces the spread of germs.

**Kid's Cup Sip Lid** – Eliminate the use of straws with our patent pending design allowing for easy drinkability and reduced spills with our unique anti-roll and spill resistant feature.

**Your Goals** – We invite you to ask us about our Concept to Completion® custom product solutions that may fit your sustainability goals.

For more information about sustainability at Novolex and the Novolex 2018 Sustainability Report, visit:  
<https://novolex.com/novolex-sustainability/>

Printed w/ FSC – Forestry Stewardship Council certified paper & production services. On 10% Post Consumer content stock. FSC ensures products come from responsibly managed forests that provide environmental, social and economic benefits. 100% Vegetable Base Inks for Low VOC's

# Custom Decorating

Let your brand stand out

A variety of customization capabilities, the possibilities are endless.

# ENVISIONS™

*elevate your image*

Perfect for printing high quality, detailed designs, and even your favorite photographs. Small minimum order quantities make Envisions™ an easy choice to customize your event big or small. One run can print multiple designs.

# SPECTRUM™

*Classic Color, Great Value*

Ideal for large runs and single designs up to six colors.

# Signatures™

Add a simple elegant touch featuring gold on black, silver on white, and pewter on ivory, with Signatures™ decorating capabilities.

# POLAR PAK®

Where Packaging Meets Innovation™

Stock and custom designs available in a variety of foodservice packaging.

**Polar Pak®**

# Custom Packaging Design

If You Can Think It, We Can Make It.

## We are . . . INNOVATIVE

Creativity is our fuel. We are never satisfied with “good enough”. Pioneering is what we do. We think big, break new ground and take risks accordingly.

We constantly aim to deliver a better bundle of products, better service, better quality, and better innovation. As a result, we provide innovative, stylish, and functional food service and packaging solutions that provide convenience and sophistication.

From Concept to Completion®, our engineers and in-house design team work with you to seamlessly develop the product that is right for your application. Therefore, if we do not have a product that fits your needs, we can develop an innovative custom product complete with custom embossing or imprinting that will result in your distinctive branding success.

Our customization process below shows how we work with you to design the best packaging to meet your needs and satisfy your customers.

## Materials and Recycle Information

Most WNA products can be either single-use (use and throw away) or hand-washed and reused. Our plastic tableware products are recyclable where facilities exist. Recycling facilities may not exist in your area. Please support recycling in your community.

Material	Benefits	Temp Range
PET / PETE / RPET	High-Gloss finish, excellent clarity, lightweight, resistant to cracking and crushing	0°F to 140°F
HDPE	Good flexibility, lightweight, good impact resistance	32°F to 175°F
LDPE	Excellent flexibility, lightweight, resistant to cracking, high impact strength	0°F to 150°F
Polypropylene	Durable, strong, heat resistant, retains flexibility at low temperatures, microwavable	32°F to 215°F
Polystyrene	Rigid superior strength, exceptional clarity	40°F to 180°F
ABS	Durable, strong, heat resistant retains flexibility at low temperatures, microwavable	40°F to 185°F
