HAND SANITIZING ALCOHOL FREE WIPES

HAND SANITIZING ALCOHOL FREE WIPES

Wet Wipes for Every Surface

WipesPlus® gently cleans while killing germs.

We touch surfaces and one another, making us both human and potential carriers of germs and bacteria. Running to a restroom to wash hands before and after each touch is not convenient, but providing Hand Sanitizing Wipes is a more effective and efficient way to kill germs.

The FDA approved, water based formula kills 99.9% of germs without potable water. Our convenient wet wipe is far more effective than a hand sanitizing gel because it cleans the hands while it sanitizes.

Beyond killing germs, our wipes are lint free and gentle to the touch. Aloe Vera is used to moisturize the skin and create a pleasant scent, which encourages frequent use thereby lowering the risks of cross contamination.

To encourage use, we recommend placement in convenient locations such as:

- Hospitals, Ambulatory Care Centers, Nursing Homes
- Supermarkets
- Day Care Centers, Nursery Schools, Senior Centers
- Schools, Universities, Libraries
- Spas, Hotels & Resorts, Fitness Centers
- Offices, Call Centers, Waiting Areas

FOOD SERVICE WIPES

FOOD SERVICE WIPES

Wet Wipes for Every Surface

Wherever food is prepared, served and enjoyed, WipesPlus® has wet wipe solutions that are safe for staff and guests and keeps your surfaces clean.

Cleared by the EPA for use on food contact surfaces without a rinse after sanitization, WipesPlus® Food Contact Sanitizing Wipes are the perfect cleaning solutions in busy kitchen areas. More effective and efficient than sprays and towels, our convenient wipes encourage staff use, which aids in reducing foodborne illnesses.

Kitchen tools such as thermometers and probes are used to ensure that meat and poultry reach temperatures that follow health code regulations. WipesPlus® provides single use Probe Wipes that makes the job more sanitary and saves time without having to wait between wash cycles for a clean probe or thermometer. Individually packaged, Probe Wipes clean with a single swipe, are non-corrosive and safe for staff and food.

Wiping down surfaces with WipesPlus® Table Wipes is more sanitary than reusing wet towels from table to table. Designed specially for tables in public areas and restaurants, they are efficient and encourage a sanitary environment. Along with cleaning tabletops, earn positive reviews for cleanliness from inspectors and guests.
